

# END CHILD SEXUAL ABUSE

SEE SOMETHING.  
SAY SOMETHING.  
DO SOMETHING.

As unbelievable as it sounds

1 IN 10  
PEOPLE ARE  
SEXUALLY ABUSED  
AS CHILDREN

WHAT CAN YOU DO?

SEE

Look closely. Most victims of sexual abuse will never tell a soul. Why? Because 90% of perpetrators are people we know by name. Our trust in them clouds our vision.

SAY

Children should know their body is their own. Teach your children to say penis and vagina. When children are comfortable using these words, they are less vulnerable to sexual abuse and more likely to speak out if abuse occurs.

DO

Act now. Sign up for a Darkness to Light prevention training to learn how to react responsibly. Invite everyone you know and love to SEE, SAY and DO. Let's end childhood sexual abuse together.
